

Lashing

Before completing this charm, girls should have completed the Be Wild, Be Free patch

Junior:

- Find out what materials are needed for lashing.
- Learn to make a simple square lash
 - When is this type of lash used?
- Learn to tripod lash
 - When is this type of lash used?

Cadette

- Find out what materials are needed for lashing.
- Know what square lashing and tripod lashing are. Know what they are used for.
- Learn continuous lashing
 - When would you need to know this?
- Learn round and sheer lashing
 - When would you use these types of lashing?
- What is frapping and why is it important?
- Make something simple using your lashing skills.
 - Example a washtub using square or tripod lashing

Senior/Ambassador

- Find out what materials are needed for lashing.
- Know what square lashing, tripod lashing, continuous lashing, and sheer lashing are. Know when you should use them
- Make something complicated to show your lashing skills
 - Add a shelf to your washstand, make a Chippewa kitchen, or even make a shelter.

Use your skills to show a younger troop how to lash.
